Interesting matter, original or selected, may always be found on the first page.

REMEMBER the Grand Concert at Academy Hall. Those who fail to attend, will miss a good treat, which comes only when our really excellent home talent is exerted.

Two houses for sale—see advertisement.

A son of Ole Bull, the great violinist, is stopping at Bennington Centre.

U. V. M.—The annual summer examinations commenced on Thursday.

HON. J. S. MORRILL AND W. C. SMITH will again accept our thanks for Public Documents and Congressional Speeches.

ANOTHER TRAIN.—A train of cars, called the Steamboat Train, will commence running on the Vermont Central on Monday. It will leave St. Albans at 8:45 a. m., connecting at Burlington with steamers for Lake George, Saratoga, &c.

AT HOME.—Senator Edmunds arrived in Burlington on Thursday morning, and is stopping with his family at the American House. The Times says the Senator is looking quite thin after his arduous Congressional labors.

TOMATOES.—L. M. Dowling, on Lake Street, has a fine lot of early tomatoes for sale. As they are about the first of the season, and as healthy and good as any thing which one can eat, we presume that this lot of garden fruit will not last long.

VERMONT UNIVERSALISTS.—The Vermont convention of Universalists will hold their next meeting at South Stafford on the 4th Wednesday and following Thursday of August, the 20th and 27th days of the month. Each Universalists society in the State is entitled to a delegate.

THE CITIZENS.—Unlike a large number of our citizens we were unable to be present at Mr. Proctor's concert at Academy Hall, last night; but we hear it spoken of only in terms of praise by those who attended. We therefore expect that there will be a full hall again to-night to welcome the troupe for the second and last performance.

LARGE DAIRY.—The Montpelier Argus thus speaks of a Franklin County Democrat:

One of the large dairy-men of Vermont is Edward Clark, a reliable Democrat of Fairfield, whom we had the pleasure to see in attendance upon the National Democratic Convention in New York. He keeps 75 cows, and keeps them well, as every farmer should, reaping a good money reward from his well directed labor.

CALL ACCEPTED.—Rev. J. H. Ricket, of Arlington, has received and accepted an invitation to supply the desk of the Congregational church in West Dover, and has already taken up his residence in that place.

OLD boys who remember that they once shook beech-nuts out of the forest trees that bore them can review the remembrance of those days by calling at the grocery of the Messrs. Lewis, where genuine beech-nuts are for sale.

DANCING.—A dancing class has been tripping it for several evenings in the hall of Wm. Smith's block, under the instruction of Mr. Geo. Kinsley, the leader of our brigade band. Mr. Proctor plays the piano, and thirteen couples are learning the "poetry of motion." If men and women were machines, intended to run through the world in groves, with no systematic varieties of body, mind or soul, it never would have been written, probably, that "there is a time to dance."

FENIAN.—A despatch published in some of the papers, and dated Buffalo, July 23rd, states that a mysterious congress of Fenian Senators from every section of the Union met there on the morning of that day. The meeting was unknown to the rank and file of the organization, and speculation is rife as to its objects. Senators Fitzgerald, of Cincinnati, Cunningham, of Syracuse, Harken, of New Jersey, Finnegan, of Michigan, Gallagher, of Buffalo, and other prominent men are present. Gen. John O'Neill, President of the Fenian organization, had arrived. Gen. Spear, the Commander-in-Chief, was expected that night.

The sessions of Congress is held with closed doors and armed sentinels. A grand Fenian picnic is advertised for Monday next.

MILTON CHEESE.—The Burlington Times says:

The Milton Falls Cheese Factory Company are now making from ten to fifteen cheese per day which average from fifty to fifty-five pounds each, and consumes about 5500 pounds of milk each day.

They sold 195 cheese Monday for 14 cents per pound at this factory. Good judges from Boston and New York markets say there is no factory in the State that goes ahead of this one in quality or style of cheese.

They manufacture a shipping cheese, having imported an experienced gentleman and lady (Mr. and Mrs. Jones) from the south part of this State, expressly for that purpose. Mr. Jones will challenge the State to beat him in manufacturing cheese for the English market.

The Mairs and West Milton factories are also making lots of nice cheese which mostly goes to Boston market.

Personal and Political.

While he was in Portland last week, Gen. Tom Thumb made a liberal contribution to the Artemus Ward Monument.

The German Grant and Colfax Club of New York have issued an address to their compatriots, in which they say: "German Republicans, rally to our support! Organize! Form with us a well-disciplined phalanx in order that the name of the liberal-minded Germans in the coming conflict may shine forth as glorious, both in the new and the old Fatherland, as it did in the great battle for freedom under Fremont."

The National Intelligencer thus pitches into the New York World: "We observe that the New York World is entering fiercely into controversies as to whom and to whom not Cabinet appointments shall be given by Mr. Seymour. It is an exceedingly wise organ, indeed that foments discord in the bosoms of its own party before its success is assured. Let us suggest to that shifting concern to confine its attacks to the common enemy."

The New Jersey Democratic State Convention met yesterday at Trenton, and was organized by the election of G. D. Cannon, of Burlington, as permanent Chairman. Resolutions were adopted endorsing the nominations and platform of the New York Convention. Theodore F. Randolph, of Morris county, was nominated for Governor, and Peter D. Vroom, of Mercer, and Adolph Scheld, of Essex counties, for Presidential electors, with a full list of district electors.

Voorhies, the "Democratic Demos-thenes," is again a candidate in the Seventh Indiana District. Colored Democratic barbecues are popular in East Louisiana.

The La Crosse Democrat positively declares that from the first of July to the 5th of July, Belmont & Co., paid out one hundred thousand dollars to buy delegates away from Pendleton.

Gen. Hancock visited Fort Adams, in Rhode Island, on Tuesday and received a salute of seventeen guns, and afterwards reviewed the troops stationed there.

The Maine Standard, a Democratic paper, says: "But suppose he (Horatio Seymour) had sympathized with the rebellion, what then? Would it follow that because he was wrong in one instance he must be wrong on the new and living issues of the hour? The rebellion is ended and the question for common sense people is not who was right on that question, but who is right now?"

Mr. Seymour, speaking of his nomination to a recent visitor said: "I have since learned to my satisfaction that had my name not been sprung as it was, Mr. Hendricks would have been nominated in two or three more ballots."

It is thought that Gen. Grant would have been more popular among the Democrats if his initials had been "C. S. G." instead of "U. S. G."

The Hon. John A. Bingham, who has been making effective speeches in Maine,

predicts that the State will give Grant and Colfax 20,000 majority.

Doolittle says that Seymour fought the battle of Gettysburg. The Wilmington (Del.) Commercial says this is a mistake—he only aided the Rebels to fight it.

Mr. S. S. Cox says of Horatio Seymour: "The more you rub him the brighter he shines." The Tribune says the same may be said of a brass candlestick, and Blair's nose.

Democratic tactics—Doolittle and Seymour. Grant's plan—Say less and do more.

The Post says Robert J. Walker has declared his intention to vote the Democratic ticket.

Hon. James Hughes, of Indiana, one of the most eloquent of the Democratic orators now practicing law in Washington, will return to his State as soon as Congress adjourns, and take the stump for Grant and Colfax.

The First District.

The contest in the First Congressional District waxes warmer and warmer. There is no lack of candidates as the readers of the TRANSCRIPT have heretofore been apprised, and those candidates and their friends are after Mr. Woodbridge with a very sharp stick. The candidates who are pitted against Mr. Woodbridge are each and all gentlemen of acknowledged ability, and would do credit to themselves and their constituency in the Halls of Congress. Some of them are in every respect the equals and others the superiors of Mr. Woodbridge; and it strikes us that the District could not lose anything by making a change.

The Vergennes Vermonter espouses the cause of Mr. Woodbridge and regards him as almost a second Webster. It says that he holds a prominent place on the Judiciary Committee, one of the leading committees of the House. He is also a member of the Committee on Private Land Claims, a body of no mean importance before the country; having the jurisdiction of questions involving millions of dollars, and at times the nicest points of law and equity. He is the only member from this State occupying a place on the joint select committees of the House. In all of these positions Mr. Woodbridge has proved himself equal to his compeers in talent and judicial ability.

All this is very well and is no doubt quite flattering to Mr. Woodbridge and his friends, but it does not after all offer very strong grounds for his re-nomination. Mr. Woodbridge would have been thrown overboard two years ago had there not been so many candidates in the field; and if he is again nominated it will be for the same reason.

The Rutland Herald complains of the interference of outsiders—that is of those living outside of the District. The less that is said on this score the better. It is not long since that a gentleman very much resembling the first District Congressman earnestly interfered in a refreshing contest that was going on in this district; and neither Mr. Woodbridge nor his supporters ought to complain if a word from this direction is now and then chipped in to add zest to a contest going on in another district.

SARATOGA RACES.—Over forty horses have already arrived and commenced training for the races, to begin at Saratoga on the 5th of August. A number of owners and trainers have written for stable room, so that the directors of the course have been compelled to put up additional stables.

Philadelphia, it is said, is having a good Southern trade for this season of the year.

PRETTY GOOD.—Mark Twain realized \$1,800 in gold from his first lecture in San Francisco.

TERRITORY ACQUIRED WITHOUT PURCHASE.—The United States has taken possession of two small uninhabited islands in the Pacific Ocean, about half way from the Sandwich Islands to Japan. This is the first acquisition of territory ever made by our government in this manner. The islands are near together, and each is about a mile and a half long, by three quarters of a mile wide. They are to be known as the Midway Islands.

REMEMBER MONDAY, JULY 27TH!

New York Circus,

From the Hippodrome Buildings, 14th Street, opposite the Academy of Music, New York.

L. B. LENT, - - - - - DIRECTOR.

WILL EXHIBIT AT

ST. ALBANS, MONDAY, JULY 27.

THIRD ANNUAL TOUR OF THIS GREAT METROPOLITAN INSTITUTION

Permanently established during the greater portion of the year in a splendid Iron Edifice in the City of New York, which is well known throughout the country as the

Leading Circus of America

And which, the present season, with its NEW AND MAGNIFICENT FEATURES,

Never before presented in America, will be enabled to offer entertainments of marked originality and exciting interest, far surpassing anything hitherto witnessed on this side of the Atlantic. The public appreciation of the performances given by the New York Circus, not only in the City of New York, but also during its former Summer Excursions, has stimulated the management to renewed exertions, and it is confidently asserted as beyond the power of contradiction, not only that the performances of the Troupe during its present tour will be found Superior to any ever given in this Country.

But that the company is in all respects THE BEST IN THE WORLD. There being no Equestrian establishment in all Europe comprising so many first-class artists, or so

many entirely novel and strikingly effective specialties as this. First season in America of the CAROLINE ROLLAND, the Equestrian, who surpasses the most daring feats accomplished by other lady riders on a pad, upon a horse without saddle or bridle. This extraordinary article was engaged in England at enormous expense by an agent sent thither for the purpose of securing the best lady rider in Europe, and only arrived in this country in April. Her astounding performance upon a Bare-Back Steed, throw into the shade all previous displays of female Equestrianism seen in the United States and cannot be paralleled in any exhibition in Europe or America. Included in the brilliant array of

World Renowned Artists

Attached to the New York Circus will be found the names of Robert Stickney, the Great American Bare-Back Rider; the Conrad Brothers, Champion Gymnasts of the World; William Dutton, the intrepid Somerset Rider, with his infant son, Arthur; the Rummels Family, who have no equals in any country in the Classic School of Gymnastics; El Nino Eddie, the Boy Wonder, who although a mere child, surpasses Blondin in difficult feats upon the Tight Rope. Herbert B. Williams, the greatest of English Clowns, engaged in London expressly for the present traveling season to gather with the greatest force of Daring Bare-Back Riders, Accomplished Acrobats, Classic Gymnasts, Comical Clowns, Slack Rope Vanders, Posture Masters, Equilibrists, Volleigues, Trampolines and Pantomimists. Ever brought together in this country, involving a greater Expenditure for Salaries than is incurred by any four traveling companies, and embracing more first class Artists than can be found in any Circus in the World. First season in America of Conrad's

TROUPE OF PERFORMING DOGS! From London & Paris. The largest and best stud of beautiful and highly trained PERFORMING HORSES AND PONIES

And the most brilliant wardrobe, trappings and appointments to be found in Europe or America. The Programme of performances arranged for the present season will be distinguished by novelty, variety and sterling merit, including many entirely new acts, never before given in this country, with others that are original with and peculiar to the New York Circus, and can be witnessed in no other establishments. All the vast resources of this magnificent and appointed establishment will be called into requisition to every entertainment to furnish a display of

Dashing Horsemanship and Classic Olympic Games! Which for Novelty, Variety Elegance and exciting interest will be found infinitely Superior to anything of the kind hitherto witnessed in America.

The Entire Mammoth Troupe From the New York Circus, in Fourteenth Street, New York, will appear at every performance.

Prof. Charles Boswold's Opera Band, From New York, accompanies the Troupe. This company travels entirely by railroad, on special trains chartered for the purpose, and consequently the performers and horses come into the arena fresh and active, instead of being jaded and worn down by wearisome night travel over rough roads.

No Catchpenny Side Shows Are allowed with this Establishment. Admission 50 Cents. Children under 10 years, 25 cents. No standing Room. Seats for all. Doors open at 2 and 7. Grand Entrance at 23 and 73 P. M.

E. H. HUNTINGTON'S Jewelry Store. Apply to C. L. BACOCK, State Agent Phoenix Mutual Life Ins. Co. 46-tf Union Block, Rutland, Vt.

The New York Circus will be at Watbury July 24th, at Richmond July 25th, at Burlington July 26th. O. W. FULLER, Agent.

MYRON BUCK,

General Agent for Vermont.

ST. ALBANS, VT.

At the present time there is much competition among Life Insurance Companies, and many agents are far too regardless of the truth, in statements when soliciting for risks, hence it is all important for persons intending to insure their lives, to insure only with agents whom they know to be reliable, again it is always most satisfactory for parties assured to have their risks with Local agents, then there is no difficulty or danger of loss in transmitting premiums. Persons intending to insure their lives will find it to their advantage to see the agent of the Guardian Mutual before insuring elsewhere.
